Service Provider Name	Vodafone Qatar P.Q.S.C
Tariff Number	B01
Generic Name	Mobile Postpaid Business
Tariff Type	Permanent
Customer Group	Business
Duration	N/A
Tariff Notification Date	06 April 2026
Tariff Version Number	43

1. Definitions

Bill Cycle	The period of time between billings. A Bill Cycle will begin on a set day each month and will last until that day of the next month.
Closed User Group	Local calling within the Customer's account (i.e., calls made between End Users when both parties are in the State of Qatar).
Customer (You)	The Business subscribing to and using the Postpaid service
Reimbursement Customer	Business customers who pay for their lines themselves.
Company paid customers	Customers that have signed up for enterprise plans however their company pays their bills.
End User	A person using Equipment or a Service, who is an employee or contractor of the Customer.
Extras / Add-ons	Value bundles that you can purchase in addition to your Postpaid Plan.
Plan	Our pricing plans that are charged in line with our enterprise rate card.
Postpaid	Our monthly post payment option in which you are billed for your account charges at the end of each bill cycle.
Chooser	The listed authorized person for company paid accounts who has the authority to make any change on the account on behalf of the Company by sending an email from their official email account.
Products and Services	The communication products and services, including, but not limited to, national and international calls and SMS (text messages), national and international MMS (multi-media messages, to send photos), mobile internet, roaming, Extras, and any other products and services we offer you.
FUP	Fair Usage policy
Rate card	The list of all our prices for our products and services.
Vodafone, We, us	Vodafone Qatar P.Q.S.C (commercial registration number 39656, PO Box 27727, Doha Qatar).

2. Tariff Terms and conditions

- Vodafone's General Business Terms and Conditions shall apply.
- Vodafone may from time to time offer and publish promotions and readjustments by various means. Such promotions and readjustments will automatically modify this tariff.
- The Postpaid service will start, and these terms and conditions will apply from the date set out on the General Business Terms and Conditions.
- End User can recharge Plans with a consumer Prepaid card. When recharging with a Prepaid card on an enterprise line, customers will only get the standard credit and not the free Vodafone minutes and data. End User may also recharge with the Prepaid International Calling Card and Internet one off and in that case, they will get the full plan value added to their enterprise number.
- Vodafone may as per the Article 3.9 of the Retail Tariff instructions (RTI) offer up to 20% discount on the products or services from time to time on a permanent or promotional basis.

C2 General

3. Service Plans & Add-ons

- Customers are charged a connection fee to join Vodafone Enterprise Postpaid, which is the first month's Postpaid Plan charge paid in advance. A Customer can choose from any of the Postpaid Plans and should a Customer exceed the allowances in their chosen plan, charges for all excess usage will be at standard Rate Card prices set out below.
- Customers who subscribe to Vodafone Enterprise Postpaid Plans, can also activate Add-ons on top of the Postpaid Plan to receive additional benefits. Based on the Add-on activated, customer will be charged extra, and these charges will be added to the connection number in addition to the monthly fee of the Postpaid Plan.
- General add-ons can be activated on any Business Postpaid plans below.

3.1 Vodafone Sharek Plans

- All new, existing or customers upgrading to Business Postpaid plans can now subscribe to Vodafone Sharek Plans to receive the following benefits:

Plan Name	Sharek Silver	Sharek Gold	Sharek Platinum

- The Sharek key user ("**Key User**") allocates the applicable sub user's ("**Sub Users**"), benefits from the User Benefit Pool based on their specific needs.
- Sub Users member plan's monthly rental is included in the Sharek monthly rental.
- Each Sub User including the Key User will get a separate mobile number.
- Benefits for the Sub Users will be allocated by the Key User from the User Benefit Pool. Sub Users do not have any dedicated benefits. However, the Key User can transfer or reallocate benefits from the Benefit Pool to the Sub Users using the My Vodafone App.
- Unlimited benefits and country key or Lite key benefits are not transferable and can only be used by the Key User.
- Nepal, Egypt, and Sri Lanka country keys are not available to be chosen as free by Key User.
- Customers can purchase more benefits through adding Extras by contacting their Account Manager.

1 Country and Lite key as per the Clause 2.5.6 (E and H)

2 Valet Parking terms and FUP as per the Clause 2.5.6 applies.

3 Customer needs to install the app and accept the Terms and Conditions

C2 General

- When deactivating or upgrading a Sharek plan, the customer shall forfeit the remaining value within the current Postpaid plan.
- Key User can initiate a one-time transfer of benefits at any point of time within the month.
- Keu User can do a recurring or one-time benefit allocation to the Sub Users through the My Vodafone App. Any recurring transfer of benefits will be effective from next bill cycle.
- If the Key User's number is suspended due to non-payment the remaining Sub Users will also not receive the monthly benefits.
- All Lifestyle Benefits are valid for a period of 12 months from subscription (Including Valet Parking).
- Each Sharek member is eligible to receive 1000QR worth Special number.

3.2.2 Go Business Plan Services

- To avail Go Business Mini, customers must be subscribed to minimum of 50 connections of Go Business plans (Clause 3.2) or Business Unlimited plans (Clause 3.4), or a combination of any plans under those clauses.
- Go Business India plans minutes can be used to call India only.
- International Bonus Minutes will be added within seventy-two hours (72) hours from bill cycle. Customers will receive an SMS notification once bonus international minutes have been added. All unused minutes will expire at the end of each billing period and cannot be carried forward to the following month. Customer will lose BRBT and International Bonus minutes if they migrate to any other Plan.
- International Bonus Minutes: Benefits are provided for every completed 60 minutes of Incoming calls.
- Go Business Local Plans are provided exclusively for companies in Transport & Logistics, Manufacturing, Construction, Retail, Hospitality & Facilities Management sectors.
- All Lifestyle Benefits are valid for a period of 12 months from subscription.
- After consuming the main data balance customers of Go Business 85 Local and Go Business 135 Local will receive Endless Data at 64 Kbps Speed.

3.2.3 Business Ring Back Tone Service

- All existing and new Business Customers who subscribe to Business Postpaid Plans will receive the Business Ring Back Tone service (**"BRBT"**) (a personalized business ring back tone to inform Customers about their business) and free international calls as below.
- Customers send their recorded BRBT message to their account manager to upload. However, Vodafone may withdraw this service anytime. Customer can activate the BRBT service and upload their recorded message for free for the first time. Thereafter the Customer will be charged five (5QR) Qatari Riyals for any change of their BRBT message. Customer can activate and deactivate their BRBT message through their Account Manager.
- The Customer agrees and acknowledges that Vodafone is not responsible of the content of their BRBT and shall ensure that the content of the BRBT complies with any applicable laws or any local regulation governing the content of messages. Further, the Customer shall indemnify and release and discharge Vodafone its agents, employees, successors, and affiliates, from any and all claims, demands, damages, actions, causes of action or suits of any kind or nature whatsoever, arising out of or in any way relating to the content of the BRBT.
- Customer acknowledges that Vodafone has the right to remove the BRBT message in case of receipt of any complaint regarding the content not being appropriate or if directed by the public authorities. The Go Business India minutes are only valid for calls to India.

3.2.4 New Go Business Plan Monthly Add-ons

- Customers on Go Business Plans can also subscribe to the following Add-ons by contacting Business Care team or the respective Vodafone Account Manager to get the following benefits.
- All Add-ons are recurring add-ons.
- Customers can contact Business Care team to deactivate automatically renewing add-ons.

- Call+ allows Customers to make calls back to Qatar and anywhere in world while roaming only through the My Vodafone App and cannot be accessed independently.
- Customers must use the MVA to utilize the Call+ feature for calls while roaming
- Call+ uses your data connection and the minutes for Call+ are included in your plan's allowance
- The service is accessible through the My Vodafone App (MVA) only. On reaching the FUP of 1000 calls Customer will not ab able to make a call.
- This service is not accessible in Qatar, it's accessible while roaming only.
- Customers must be connected to the internet (either through roaming data or Wi-Fi) to use Call+. If a customer has consumed all roaming data and is not connected to Wi-Fi, they will not be able to use Call+, even if they still have the allocated minutes.
- If there's VPN connection detected, Call+ will not work and should be disabled.
- Customers are not charged separately for the minutes used through Call+ as it is covered under your Plan's allowance.
- There is no additional charge for using Call+ while roaming, provided customers are within their plan's data roaming allowances. Standard roaming data charges may apply if data limits are exceeded.
- Standard roaming minutes charges may apply if a FUP of 1000 minutes per month is reached.
- The service can only be activated if the Customer has access to the internet.
- The service availability is dependent on VoIP service availability in the country where the customer is roaming.
- These minutes will be used for calls while roaming only. Calls can last for intervals of 120 minutes
- This service does not support calls to emergency services. Users should not rely on this service as a primary means of communication in emergencies.
- **WhatsApp & Productivity Apps Data* -** This includes 60GB local data for the use of WhatsApp & Productivity Apps (Productivity Apps include Microsoft 365 applications).
- **Mobile Security:** Customer can Opt in for Lookout Mobile Security App with a basic license free of charge for 12 months by contacting the dedicated Account Manager. In case of disconnection before the completion of 12 months , customer will be liable to pay the value of the service subscription for the remaining periods (10 QR X remaining number of months)
- The Business Unlimited Plans will work on any device whether it is 5G enabled or not.
- All Business Unlimited plans are eligible to avail Vodafone My Book Qatar free.
- International Mins are valid for following destinations: https://www.vodafone.qa/en/media/document/1551488789824/unlimited-international-minutes-countries.pdf

5 Lifestyle Benefits

5.1 Valet Parking fair Usage Policy

- Customers who have subscribed for Vodafone Business Unlimited 450, Business Unlimited VIP and Sharek plans are eligible to avail this facility.
- You'll get free valet parking in major malls and entertainment venues in Qatar including the Pearl (Porto Arabia and Medina Centrale), Lagoona Mall, and Ezdan Mall. Valet Parking Cards are available in 17 Vodafone Retail Stores including Villaggio, City Centre and Landmark etc.
- There is a fair usage policy of 50 usages per year.
  Vodafone may disable the Valet Parking Privilege at its own discretion. In addition, the cardholder must only use each card, which means that each Valet service will be provided once per hour and cannot be shared amongst other users/cars.

5.2 Qatar Airways Q-miles (Avios)

- All Business Unlimited Plan customers will get **Avios** on all Unlimited Plans ("**Eligible Customer**").
- Eligible Customers will be able to get fixed monthly **Avios** based on the Eligible Customers plan value as above. Eligible Customers will need to register their Qatar Airways Privilege club card number with Vodafone by visiting any of our stores or by calling our call centre to start earning **Avios** thirty days after payment of their Vodafone bill.
- Eligible Customers who are not already a Qatar Airways privileged card member can sign up for a privilege club account at https://www.qatarairways.com/en-de/Privilege-Club.html
- **Avios** are calculated on monthly basis. Customers joining the Programme in the middle of their bill cycle will get **Avios** based on their full plan value. Eligible Customers number must have an active number to enjoy earning **Avios** for e.g., if a number is barred in January 2019 and then paid only in February 2019 to unbar the number then in that case the Customer will only get **Avios** for the month of February 2019.
- If Eligible Customer cancels their Vodafone number, they will still keep their existing **Avios**, but will not accumulate any more **Avios**.
- **Avios** are generated once a month up to 30 days after payment of the bill. To get more information about **Avios** programme please visit https://www.qatarairways.com/en-de/Privilege-Club.html. If you give the incorrect privilege card number by mistake, Vodafone cannot be responsible however you may resubmit the correct one to start getting the points. All Eligible Customers with any existing discount over 10% are excluded from this Programme except Vodafone for All (50%) customers.
- You can sign up and register for your Qatar Airways Privilege Club account by clicking here https://www.qatarairways.com/en/Privilege-Club/join-now.html

- In case of early termination before 12 months, the customer will be liable to pay penalty equal to the total value of the discounts availed during the service period.
- In case customer disconnects partial number of MSISDN's from their account, eligibility of the account for volumetric discount will be recalculated. In case the number of MSISDNs is lower than the thresholds mentioned in promotion 2, discounts will be readjusted.
- Discounts can be availed through opt-in via account managers only.
- The above framework can't be combined with volumetric discount in clause 8 above
- Existing customers activated before 1st March 2025 will continue to enjoy the discounts based on the criteria in Table A.
- Customers activated between 1st March 2025 till 8th October will continue to enjoy the discounts based on the criteria in Table B

9 Vodafone Push-to-Talk Plus

- Customers can now avail the PPT Service which instantly provides one-to-many or one-to-one mobile voice communication on Vodafone's mobile network (3G, LTE and Wi-Fi) without protracted dialling, ringing, and answering steps required in a regular phone call.
- The Customer can opt in for the PTT solution as virtual two-way radio using a "two-way radio app" installed on a smartphone and using available connections connecting multiple users via a server. The server can also be connected to a conventional two-way radio system to provide PTT group calls between smartphones and two-way radios. The PTT solution has a website platform through which the customers can manage the service.
- The terms used in the table below are defined as:

  a. **Access to Calls (national fixed/mobile):** Enables PTT users to initiate calls to a local network.
  b. **Access to national fixed/mobile network:** Enables PTT users to initiate calls to a local network.
  c. **Groups:** PTT users can be organized into groups and a user can be in multiple groups. Each customer can organise their groups and a user of a group can only P2P and Group Call other members of that group.

C2 General

d. **Group Call:** This is the basic voice service in PTT using a simple "Push To Talk" operation to provide group communications with a fast call set-up.
e. **High Priority:** If the network is busy, this feature allows access to network resources in the order of the call priority status of each user terminal.
f. **Emergency Call:** A caller has the ability to interrupt all calls and pre-empt calls in an emergency situation. The emergency call drops all active calls and activates the emergency call automatically alerting the affiliated control room dispatcher and other terminal users in that users talk group.
g. **Peer to Peer (P2P):** A one-to-one call which is a 'telephone' call between two PTT terminals.
h. **PTT Calls:** basic voice service in PTT using a simple "Push To Talk" operation
i. **PTT Text:** basic text service in PTT using a simple "Push To Talk" operation
PTT Solution: includes Postpaid Sim Card; PTT Application; Supported Terminal and Web based portal.
PTT Video Communication: basic voice communication using "Push to Talk" operation

Plan Name	Vodafone Professional	Vodafone Premium
Monthly Subscription	QR 80	QR 150
PTT Calls	Unlimited	Unlimited
